Designed by an internationally renowned Swedish architect. The house is located in a quiet area of Gümüşlük, close to the bay and the famous Rabbit Island. This 24-hour secured complex in total of 72 houses, offers a sauna, fitness area, small restaurant with a plaza, and 3 communal pools. This house is created from the idea to divide its rectangular foundation with a diagonal cut, thereby creating a harmonious relationship between interior and exterior areas within a constricted space. The house is partly in two stories, from the smaller second floor you can look down to the integrated kitchen and spacious living room that stretches through the first floor. The house offers: - 4 bedrooms - 3 bathrooms with shower (2 en-suites) - 1 living area with a modern open plan kitchen with [...]
