Set against the backdrop of Yalıkavak Bay, this exceptional private estate offers a unique blend of modern architectural prestige and traditional stone craftsmanship. Designed by the world-renowned, Aga Khan Award-winning architect Han Tümerterkin, the residence is part of an elite collection of eleven uniquely designed homes, each situated on an expansive 4,000 – 5,000 m² plot to ensure maximum privacy. Engineered specifically for year-round living, the property features 50-60 cm thick stone walls. This substantial construction provides superior isolation, naturally minimizing heat absorption in the summer while retaining warmth during winter months. Comfort is further guaranteed by comprehensive underfloor heating and central air conditioning throughout all indoor areas. The interior [...]
