Suitable for Agricultural Production in Bodrum Yakakoy

<https://evbodrum.com>

Land Area
45276 m²

Located in the Dedeler locality of Yakaköy—one of the regions in Bodrum that has best preserved its natural texture—this extensive land portfolio spanning a total of 45,279 m² is now available for sale. While the lands fall within the Yakaköy administrative borders, access is conveniently provided via both Yakaköy and Dereköy. The portfolio consists of four distinct parcels with differing zoning characteristics. Block (Ada) 155, Parcels 1 and 2 hold “agricultural land” status. For any agricultural-related construction on these parcels, an opinion must be obtained from the Ministry of Environment and Urbanization. The remaining section, comprising Block (Ada) 157, Parcels 1 and 31, falls within a “1st Degree Natural Site” area, meaning no construction is permitted on this portion. The I [...]
