 Room
6

 Bathroom
7

 Living Area
410 m²

 Land Area
502 m²

Located in the heart of Gökçebel, positioned parallel to Tilkicik Bay, this villa is situated on a 502 m² plot. Featuring a 6+1 layout with a gross living area of 410 m², the residence offers a spacious lifestyle accompanied by nature views. The technical infrastructure is designed for year-round comfort in Bodrum, equipped with Daikin VRV central air conditioning and Fraenkische underfloor heating systems supported by a Daikin heat pump. The interiors feature 15 mm natural wood parquet flooring and Linea Rossa aluminum joinery. The kitchen is fitted with a complete Franke built-in set, while the bathrooms combine aesthetics and functionality with Geberit and Hansgrohe fixtures. In addition to the private swimming pool, the villa offers a 24 m³ sauna, shock shower, smart home infrastru [...]
